To Whom It May Concern:

The purpose of this letter is to comment on the outstanding efforts put forth by Golf TLC as it pertains to the assistance that they have provided our not for profit organization, Madelene Cares AKA Heartfelt Hugs. Madelene Cares AKA Heartfelt Hugs was created by 12 year old Madelene Kleinhans to help siblings of children with critical illnesses. She, herself, has a brother with cancer and understood how left out and neglected siblings often felt, due to having a sibling in the hospital. Our organization gives these kids, ages 8-16, a fun day out away from the hospital or the grieving of having lost a sibling. The bimonthly events are in the North Metro area and help children as far away as Fort Collins and Colorado Springs, averaging 75-100 guests per event. We have paired with Children's Hospital Colorado and Rocky Mountain Children's Hospital so we hope to continue to grow. Launched in October 2014, Madelene Cares AKA Heartfelt Hugs has since had tremendous growth in both attendance as well as sponsorship and is run by 16 year old founder, Madelene.

We were initially contacted by Golf TLC a few weeks ago as they expressed their desire to support our organization. The support would come from fundraising on the golf course in the form of games and/or activities that would involve the golfers that Golf TLC interacted with. We provided them with Madelene Cares Heartfelt Hugs literature and the rights to our logo. To date our relationship has been positive and transparent and continues to develop. The financial support that we have garnered from Golf TLC has enabled Madelene Cares AKA Heartfelt Hugs to provide help to these families in need. In closing, because of their spirit, service and ethics, Golf TLC is an asset both to Madelene Cares AKA Heartfelt Hugs and to the sport of golf. Please contact me with any questions or comments at 720-291-3726 or heartfelthugs2015@msn.com.
